4. The lack of class equipment on a regular basis might result in negative consequences.

11. FIELD TRIPS

By signing the Registration Form, the parent consents to his/her child taking part in field trips organized by SEK Budapest. The school will provide the parents with information about each proposed field trip before it takes place, which will give the parents the opportunity to inform the school in writing if they do not wish their child to take part in a particular trip.

In case the parent does not cancel the trip, he/she accepts the following:

1. The parent acknowledges the advertised price of the trip. The fee will be invoiced in the following month.
2. Participation in the trip may involve risks not found during study at the School. These include without limitation risks involved in travelling to, from, and within the trip destination, as well as risks generated by the activities in which the student engages while on the trip. The participant and parent are aware of these risks, have understood them, and are consciously taking them of their own free will. Participants will take every precaution to safeguard their health and to protect their personal belongings from damage or theft.
3. Students must have valid and current medical insurance and have a valid insurance identity card (TAJ) participating on the trips.

Parents may justify 5 days of absence per school year as a maximum. Students may be absent a further 4 days per semester with the prior approval of the Director.
